

**Monday, Oct. 17 (6 p.m. – 7:15 p.m.)**

## **Pts4Chg Fishbowl Session**

### **Lync & Audio**

**Patients 4 Change – Pts4Chg**– is a grassroots initiative that connects patient/family advisors, advocates, and others together for a common goal: To create the best health care possible for all Albertans. <http://pts4chg.ca/>

**A fishbowl session** is an alternative to the more usual panel-type presentations. Instead of taking turns to deliver prepared content, the participants have a genuine, spontaneous conversation about a topic, prompted by questions from a facilitator. Audience members have the opportunity to ‘jump’ into the bowl to add their own comments or ask questions.

Participants in this session will be a mix of patient & family advisors and health-care staff. They will be discussing:

- How do you build rapport and grow relationships in health care that make for effective and equitable partnerships?
- What does partnering with patients and families look like to you?
- What are some of the current barriers to partnership?
- How should services be more inclusive and reflective of diversity?
