

# Would you like to help improve our primary health care system?

IMAGINE Citizens is looking for 25 Albertans to participate in a provincial conversation aimed at improving health care in our communities.

---

## What is IMAGINE?

### WORKING TOGETHER

IMAGINE is a citizen-led group. We are patients, family members and carers. We collaborate with health care partners and policy-makers to be active and effective partners in shaping Alberta's health care system.

## What is the opportunity?

### OUR VOICES CAN SHAPE HEALTH CARE IN ALBERTA

IMAGINE is recruiting 25 Albertans to join in this conversation. You don't need to be an expert about health care models or concepts. You are already an expert about your own health care experiences. We want to learn from you and work together to make recommendations about health care in our communities.

## Why Participate?

### YOU CAN HELP SHAPE THE DIRECTION OF PRIMARY HEALTH CARE

Our health care system must reflect our voices—the voice of patients, families, carers and members of the public. This is an opportunity to bring our voices to Alberta Health and to inform future policy decisions.

## What is involved?

### LEARNING AND DIALOGUE

You can expect a phone interview and two short, interactive webinars. You will receive an easy-to-read package of information about the health care models we will be discussing. In September, all participants will come together in Edmonton\* for a facilitated day of engaging dialogue and reflection.

## Who can participate?

### ALL MEMBERS OF THE GENERAL PUBLIC FROM ACROSS ALBERTA ARE WELCOME TO VOLUNTEER.

If you have experienced the health care system as a patient, a family member or carer, or if you are interested in learning more about the primary health care system, we'd like to hear from you. We welcome and respect a diversity of backgrounds.

**Learn more or express your interest at [imaginecitizens.ca/phc-dialogue/](http://imaginecitizens.ca/phc-dialogue/) or, contact Project Coordinator, Anna Brassard at: [anna@imaginecitizens.ca](mailto:anna@imaginecitizens.ca) or 403-289-5472**

*\*We will reimburse all pre-approved travel expenses.*

---

We **IMAGINE** a better health system. As Albertans, let's work together to make it happen.
