

Transfer of Care from ICU to Ward: The Patient and Family Perspective

WE WANT YOU!

In order to provide the best care for critically ill patients, researchers in the Department of Critical Care Medicine, University of Calgary, are investigating the process of **transfers of care** in **adult Intensive Care Units** in Alberta, from the **patient and family perspective**, to better understand how transfers of care can be improved.

The Details:

Where: Room TRW2D39; Teaching, Research and Wellness Building, Foothills Campus, UofC

When: November 2, 2017; 10am to 3pm.

What: Stakeholder engagement facilitated session to discuss the process of transfer of care.

Participant details:

- Must have been a patient (18+)/family member of a patient experience in an **Alberta adult Intensive Care Unit**.
- Travel from outside of Calgary will be covered. Parking will be covered for those within Calgary limits.
- All participants will be offered lunch and coffee.

Research Ethics Board Certification REB17-0027
